CAKE POPS

These are essentially Cake Truffles on a stick. We use our cupcake sponge, mix with Buttercream frosting, roll them into little balls, chill them, then push a lollypop stick into them, dip them into chocolate and sprinkles. 'A little taste of heaven.'

We offer a range of Cake Pops to suit all occasions, birthdays, christenings, weddings etc.

Our cake pops start at 80p each and can be gift wrapped from £1.00

WHOOPIE PIES

A whoopie pie, also known as Big Fat Oreo's is made up of two round mound shaped cakes with a sweet frosting sandwiched between them.

Whoopie pies are like the best parts of a cupcake squished into one delicious sandwich, the top of the cupcake and the frosting of course.

We offer a variety of flavours, chocolate and carrot cake being two of our favourites.

Prices start at £1.50 each

CAKES AND WEDDING CAKES

Each cake we make is unique with the overall design being a collaboration of your ideas and ours. Simple cakes are relatively straightforward to price but more elaborate, sculpted, novelty cake designs are time consuming and difficult to price without prior consultation with you. Prices will include a food safe silver cake board with a white cake box when suitable. Larger more elaborately shaped cakes may be delivered without a box. We offer all brides a full consultation with a chance to sample flavours before ordering.

A selection of handmade sugar decorations are available please enquire within.
